Test report

Number

88685

Object of analysis:

SIS - Testex 200

Customer:

AnabolicLab.com

Samples: 1

Batch:

002-30530, Exp. 02/2022

Receipt:

29.08.2019

Subject:

Content, Identification, TAMC/TYMC (qual.)

Start of

24.09.2019

Method(s):

HPLC, Microbiology

Analysis:

Status Result Sample / Analysis: Method Specification complies **Testosterone Cypionate:** Identification **HPLC** N complies complies yes Content **HPLC** 291 mg / mL 200 mg / mL TAMC Microbiol. N not detectable/mL **TYMC** Microbiol. N not detectable/mL

Method-status:

G = GMP A = accreditated V = generally validated P = validated on product N = not validated

E = external lab

Remarks:

The sample(s) mentioned above have been analysed as they have been sent to us by the client. We have not controlled external processes like manufacturing, labelling, sampling, shipping, storage. These results are for information only and do not compensate for correct quality control by the manufacturer/distributor. Generally, pharmaceutical products have to be produced and distributed under full GMP/GDP regime, including GMP-compliant analyses with validated methods. This report cannot be used for commercial reasons incl. product release and/or quality control. It is not allowed to use this analysis in the context of doping/sports/competitions or any other illegal action, neither by the athlete nor by the tutor/trainer or any other person.
